[External sender. Exercise caution.]

Hi, Adam,

I'm Jason Merryman, Vice President for Enrollment Management at Southern Adventist University.

As a Southern graduate, class of 1999, I am honored to support students as they pursue their divine calling and purpose in my current role. Because of this, I have the distinguished pleasure of working with exceptional colleagues who are also aligned with a divine calling to serve in various leadership capacities. One such colleague is Dr. Dionne Felix, Associate Vice President for Academic Administration, and Dean of Student Success and Retention. Our joint desire to support and promote student thriving led to formal and informal conversations to ensure continued opportunities for student success.

Fast forward, we are beyond excited to see the former conversations emerge as an actionable goal here at Southern. Part of this process has led to additional collaborations to include Dr. Kathy Purnell, the new Special Advisor to the President for Diversity & Strategic Planning. Together, we will host our first series of campus-wide conversations and want to begin with you.

We are excited about these upcoming conversations and invite you to be a part of this experience. We hope that you will consider joining the conversation by registering to attend one of two sessions scheduled for [Tuesday, February 7](#) and again on [Monday, February 13](#), both nights from 6 pm - 8 pm in the Grid. We also provided QR codes with date options on the attached flyer.

We look forward to your input as we continue to ensure that every voice is heard so that our administration team can support and promote student thriving here at Southern.

Blessings,

C. Jason Merryman, M.A.
