

1.4 Demonstrate professional oral and written communication skills - This student is able to demonstrate professional oral skills when interacting with clients on an individual and group basis. She effectively communicates with clients across systems verbally. This student demonstrates effective professional communication skills by documenting therapy progress notes, treatment plans, emailing staff, providing written homework assignments for clients, and the utilization of clinician notes when a client does not show up for an appointment, or if a wellness check needs to be documented on a client's chart.

1.4 Demonstrate professional oral and written communication skills - This student demonstrated professional oral and written communication skills via text, email, documenting treatment plans and therapy progress notes, telephone calls, and in-person interviews with clients and staff at HRMC.

1.4 Demonstrate professional oral and written communication skills - This student demonstrates professional oral and written communication skills during phone calls with clients, therapy sessions, supervision with staff, emails and texts with staff and clients, and all other face-to-face interactions with clients and staff at HRMC.

1.4 Demonstrate professional oral and written communication skills - I am able to demonstrate my professional oral skills weekly when engaging with clients, supervision, and other staff members at HRMC. I demonstrate my written communication skills in my therapy progress notes, treatment plans, emails to staff, and texts to staff.

1.4 Demonstrate professional oral and written communication skills - I am able to demonstrate professional oral skills when meeting face to face with clients in individual and group therapy sessions and in supervision, also during telehealth therapy sessions. I am also able to demonstrate professional written skills in my therapy progress notes, treatment plans, emails, texts, clinician notes, records requests, and referrals.

1.4 Demonstrate professional oral and written communication skills - This student took notes during supervision as well as transcribe emails and texts throughout the week with her supervisor. This student also demonstrates oral communication skills by engaging in supervision with her supervisor and taking calls for Restore Hope when necessary.
