

8.2 Integrate macro level evidence-based strategies with organizations and/or communities - I was able to reach out to multiple clients via phone calls and connect them with resources needed to assist them with losses due to COVID-19 through the Restore Hope Program. Utilizing this program is helping these clients on a macro level because if I am not able to provide them with financial relief, then I connect them with other agencies who can help them with their specific needs based on listening to their story of what they need assistance with.

8.2 Integrate macro level evidence-based strategies with organizations and/or communities - This student is integrating macro level evidence-based strategies within the community by implementing her curriculum for persons coming to the Lighthouse for Peer Support groups. Members are individuals who reside in group homes throughout the community.

This student also made referrals for individual clients she saw in therapy to other community resources such as Health Link, Chattanooga Food Bank, Chattanooga Furniture Bank, and the United Way.
