Dear Ms. Matthews and Board Members,

I am writing to request a grant of \$10,000 for the Chattanooga Purpose Center, in collaboration with CarePortal. Our mission is to support vulnerable children and their families by meeting their tangible needs and fostering supportive relationships, ensuring they feel loved and are able to thrive.

At Chattanooga Purpose Center, we are inspired by John Stott's vision that ministry should integrate both evangelism and social action. This dual approach allows us to make a profound impact on society, aligning with the radical demands of the Great Commission. Our vision and mission focus on empowering the local community by demonstrating God's love through our actions.

As an implementing partner with CarePortal, Chattanooga Purpose Center will enhance our capacity to serve families in Hamilton County, addressing their needs before, during, and after crises. With the support of this grant, we plan to establish partnerships with businesses, organizations, and churches within Hamilton County.

This funding will enable us to:

- Create marketing materials to raise awareness about our services.
- Purchase computers and office supplies for client intakes and CarePortal monitoring.
- Show appreciation to our supporters.
- Launch our new program aimed at furthering our mission.

Your support is crucial in helping us move closer to becoming an organization that actively embodies Christ's method of ministry. We are committed to making a lasting difference in the lives of those we serve and appreciate your consideration of our request.

Thank you for your time and support.

Sincerely,

Troy Brand, Pastor
