Omni Visions Inc
1401 Williams St. Ste 220
Chattanooga, TN

Dear Omni Visions Hiring Manager,

I am writing to express my interest in the Level 3 Clinical Therapist position. Having worked in the foster care field for over four years, I understand the need for trauma-informed practice and helping youth and foster families build resiliency.

I have four years of experience working for the Omni Visions therapeutic foster care program in Chattanooga, TN. During my time with Omni Visions, I have learned a great deal about the child welfare system and policies implemented by both the Department of Children's Services and Omni Visions. Most importantly, I have learned the importance of building rapport and utilizing evidence-based models to help this population work through unprocessed trauma, family instability, and stressors of foster care. I value the work I do with these children and families, as I feel they are often overlooked in an already complicated system.

My resume is enclosed with this application so you may review my education, work experience, and achievements. I will complete my MSW graduate curriculum in May 2021 and then start a summer of trauma and emergency management intensives before defending my MSW portfolio in August 2021. I would appreciate consideration for this role in the company and a chance to talk with you or an Omni representative to discuss how my experience and skills could benefit the company. Thank you for your time and consideration

Sincerely,

Jaclyn Beckler
