

Hours accrued this week: 12	Task Supervisor (If Applicable) Comments (Hours, Progress, Concerns, etc.)	Field Instructor Comments We discussed Anna sending more of what she's able to me so that I can follow along with more of the meat of what she's doing in field. Also discussed a weakness in the area of education related to medical terminology and documentation for social workers when there's such comorbidities throughout.	Describe areas of concern or question during supervisory sentences). The area of growth this week was working on psycho-social assessment. The area of concern was finishing up my social competencies.
