

**CASEL Questionnaire Consent Letter**

**Date:** \_\_\_\_\_

Dear Parent:

My name is Bree Adams and I am currently completing a Masters degree at Southern Adventist University in Social Work with an emphasis in School Social Work. For my internship, I am placed at Collegedale Elementary School, Collegedale Middle School and Standifer Gap SDA School. As a part of my internship, I am compiling some research on the needs of students in smaller Seventh-day Adventist schools in this area and have asked the school your child attends to participate by having their 6th, 7th, and 8th grade students complete a questionnaire. The goal of this questionnaire is to gather data on areas that students can be better supported in.

This questionnaire is put together by CASEL (Collaborative for Academic, Social, and Emotional Learning). This organization works to incorporate evidence-based social and emotional learning practices into all levels of education. This questionnaire looks at 5 different aspects of a student's life including: Self-Awareness, Self-Management, Social Awareness, Relationship Skills, and Responsible Decision-Making. More information about CASEL can be found at <https://casel.org/>. A complete copy of the questionnaire is available to you from your principal upon request.

The questionnaire is anonymous and voluntary. The only demographic information that the questionnaire asks for is what school the student attends and what grade they are in. Your child will not receive a grade for this and your child's grades will not be impacted by taking, or not taking this questionnaire. If you have any questions, please feel free to reach out to your principal or myself, Bree Adams at [breadamspro@gmail.com](mailto:breadamspro@gmail.com).

Please sign and date below to allow your student to participate in taking this questionnaire and for the results to be used in student centered advocacy. Return completed form to your principal by \_\_\_\_\_.
