

Goal/Objective: MSW Intern met with CLT at CLT's school to work on identified goal.

Progress: Extreme regression in progress.

Life Events: None Identified.

Intervention/Response: CLT came to MSW Intern's office while she was in a meeting. CLT proceeded to interrupt meeting and try to get attention. MSW Intern asked CLT if he would like to come into the office and talk about what is going on. CLT reported "Yes." MSW Intern let CLT know that he would not be able to stay for longer than his lunch period because he needed to be in class. CLT then reported "Ok. Never mind." CLT walked away but quickly turned around and said that his lunch was being delivered to the guidance suite. MSW Intern gave CLT the options to either come into the office so we can have a session or wait in the waiting room for his lunch. CLT then walked to the waiting room, threw his chrome-book bag into the hallway and sat on the floor in the corner of the room. MSW Intern asked CLT why he threw his bag. CLT reported he did not want to go to class and that he was mad. MSW Intern and other Centerstone Therapist asked CLT to sit in a chair against the wall and wait for his lunch. CLT began to curse at MSW Intern and Centerstone Therapist. MSW Intern asked guidance counselor to call the SRO to watch CLT while she went and called his father. CLT reported "If you call the SRO or my Dad I will take that lamp and f***** murder myself." Therapist watched CLT while MSW Intern, guidance counselor, principle and another Centerstone Therapist called CLT's Dad and Youth Villages.

Barriers/Obstacles: CLT behavior

Plan/HW: CLT's father planned to talk to Youth Villages Mobil Crisis and get him into a Mental Health Facility.
