

# Agenda

## Independent Living Group: Preparing for College: 03/04/20

**Objective:** The objective is to provide information about preparing to apply for college.

**Review Homework:** Review if patients completed homework assignment where they had to write five sentences about what qualities they will look for in a roommate and how they can address conflict.

**Handout:** Education & Salary Handout.

**Introduction:** The subject will be introduced through completing a ripple effect activity together to show the impact of obtaining education.

**Handout:** College Preparation Timeline from Khan Academy.

**Activity:** Each group participant will take a section of activities that can be done in preparation for college and reorder them from most important to least important. Then each person will share the order and why they chose to order it in that way.

**Homework:** The homework given was for the patients to write down three steps that can be taken now to prepare for college or success.
