

# Reflection

## Independent Living Group: Interview Etiquette: 11/13/19

**Objective:** The group was educated on wise behaviors to engage in before, during, and after a job interview.

**Review Homework:** No patients completed the homework. However, a few patients could tell me what they learned during group the week before.

**Handout:** Job Interview Etiquette.

**Activity:** The patients engaged in the activity well and appeared to learn from it. Each point was demonstrated, explained, and discussed.

**Discussion:** The patients discussed the importance of behaviors when interviewing and seemed to demonstrate understanding in responses.

**Handout:** Types, Prevalence, Impact, and Responding to Discrimination.

**Discussion:** The group discussed what discrimination is, how it is harmful, and how to respond to it. However, the group responded inappropriately in over sharing their opinion.
