Administrator of Eastchester Family Services Cartersville

483 E Main St

Cartersville, GA 30121

To Whom it May Concern,

I have read Eastchester's career posting with interest. The agency makes a great impact on the community by providing a magnitude of services to families. Identifying and implementing services to improve the well-being of children and families is a goal of Eastchester.

I have recently graduated with a MSW degree. I have over three years of experience working with children and families through internships and employment. I have gained a considerable amount of knowledge relating to children and families as well as implementing services to improve their safety and well-being. Having the opportunity to intern at Eastchester, I gained the needed experience to meet the goals of the agency.

I would very much appreciate discussing a time to meet and further explaining my expertise and qualifications for the therapist role at Eastchester. Accompanying this letter is my resume with thorough details of my career achievements.

Thank you for your time and consideration.

Sincerely,  
Erin Bennett
