**HOW TO FIND WHERE SOMEONE IS AT ON WAITLIST**

1. Search their name in the main sheet and find which row number they're on (far left)
2. Come back to this sheet and click the cell under the service they are waiting for
3. In the formula bar at the top, change the number after the ":" to the row number you found in step 1. Don't change the let
4. Hit enter, and the number should update to how many people are in front of them
