The TBRI® Caregiver Training is designed for TBRI® Practitioners to train caregivers, broadly speaking, within their organization in Trust-Based Relational® Intervention (TBRI®), equipping staff/caregivers with the skills & tools needed to be successful in their various roles. TBRI® is a holistic, evidence-based, attachment-based, and trauma-informed intervention designed to meet the complex needs of vulnerable children.

TBRI® was developed by, and is the signature therapeutic model of, the Karyn Purvis Institute of Child Development (KPID) at Texas Christian University. The TBRI® Caregiver Training Package is a copyrighted product of the Purvis Institute.

*Note: Only TBRI® Practitioners are authorized to present the TBRI® Caregiver Training. TBRI® Practitioners have successfully completed the TBRI® Practitioner Training presented by the KPID at TCU. TBRI® Practitioners are not employees or agents of the Purvis Institute. Individuals who complete the TBRI® Caregiver Training presented by a TBRI® Practitioner are NOT certified in TBRI® and they CANNOT train others in TBRI®.
