Good Morning,

I hope you all have had a rejuvenating holiday season! Today we had a school meeting regarding Deliah's recent behavior, attendance, and grades and Rachel Turner suggested we follow up with you both about the IEP Testing Request for Deliah Vaughn. Legally, the school has until February 4th to complete the initial evaluation, and I understand things are a little crazy right now and in general due to the holiday break. However, if an IEP is found to be needed for this student, we would like to see it in place as soon as possible as she starts this semester to promote her academic success.

Youth Villages is discharging on 1/23/24. After then please direct all communication in response to this email to the caregiver Tonya Jones's whose current number is updated on Power school. If there any updates please let her know via email and a phone call by calling the caregiver before 1:30pm due to her work schedule.

All the best,

Laura Gibbs, BSW

Subject: D. Vaughn IEP Testing Request encrypt

Good Morning Cathy Butler and Stephanie Rains,

My name is Laura Gibbs and I am working with Youth Villages. I was able to meet with Terri yesterday afternoon and pull the grades for my client. Deliah's caregiver Tonya Jones is requesting psychological testing for Deliah to determine eligibility for an Individualized Learning Plan. I have copied both her and my clinical supervisor on this email.

Thank you for all that you do to promote academic success for our students!

All the best,

Laura Gibbs, BSW
