Dear Mr. Chastain,

I am interested in being considered for one of your therapist supervisors at Parkridge Valley Child and Adolescent Campus. I strongly believe the skills and abilities I have gained during my career at DCS make me an excellent candidate for this opportunity. I have 9 years of social work and case management experience that I wish to transition into a supervision role at your organization.

I am currently completing my Master of Social Work degree at Southern Adventist University and will be graduating in December 2024. I will also be pursuing licensure after graduation as well as completing my required hours to obtain LCSW licensure. Although I have been an asset to my current employer, I have dealt with many experiences that support supervision roles within social work. I am currently interning at your Adult Behavioral Campus in Chattanooga as well as IOP in Cleveland. Since interning at your organization, it has made me realize how much of an impact you have on individuals, groups, and the community. I have seen firsthand how the patients are appreciative for the mental health help they have received. There have been repeat clientele that have come back because they believe the program to be successful in their lives.

Thank you for your consideration. I look forward to hearing back from you about this opportunity.

Sincerely,
